

## **CASE HISTORY**

### **LENTELLS RAISE FINANCE FOR CLIENT WITH NO ASSETS – ALLOWING HIM TO FULFIL HIS AMBITION OF OWNING HIS OWN BUSINESS**

This skilled engineer had a dream of starting his own business. But with very limited funds and no personal assets to provide security, he felt he had little chance of achieving his goal because the venture would require £60,000 worth of specialist equipment. The Lentells team prepared detailed cash flow, balance sheet and profit forecasts and presented them to the client's Bank. They were also able to find a backer who provided the necessary security. Working closely with the team at the Bank, Lentells were able to secure funding for the £60,000 of equipment, which enabled the client to start his business.
