“On behalf of DHG, I would like to express our thanks to the Lentells team that support us. As a partnership we are extremely impressed by their approach and attentive engagement, responsiveness to our requirements and quality of the financial reports and commentary provided to us.

Since we first started working together we have now merged to form a much larger organisation. We are particularly grateful for the support that we have received through the entire process, not only in assessing core elements such as financial risks and benefits, but also in communicating and working directly with our legal team and assisting us with decisions around premises.

We would highly recommend the services of Lentells for these reasons.”
